---

### **Important Notes:**

- Do not "drop and dash". Please make sure your swimmers have made it into the pool safely.
- Please pick up your swimmers promptly, so coaches can get home to their families. Also, we only have 15 min. after the end of practice before we are kicked out of the facilities.
- Practice cancellations sometimes occur due to pool breakdown. These type of late breaking announcements will be made via the phone tree system and put on the website. Having a correct phone number for the phone tree is the best way to receive last minute notifications; tell your kids not to erase messages!
- Kids lose stuff all the time. We recommend asking your swimmers if they have all their gear at the end of practice; goggles and cloths are expensive!
- If questions or concerns arise, please talk with a Coach after practice or schedule a meeting. Coaches cannot talk during practice.
